Tutorials on Meeting the Challenges of High Dimension: Statistical Methodology, Theory and Applications

(25, 27 Sep & 16, 18 Oct 2012)

Venue: [IMS Auditorium](#)

[Organizing Committee](#) · [Visitors and Participants](#) · [Overview](#) · [Activities](#) · [Venue](#) · [Enquiries](#)

[Workshop 1](#)[Tutorial](#)[Workshop 2](#)**Tuesday, 25 Sep 2012**

- 09:15am - 09:30am Registration
- 09:30am - 10:30am [Some methodology and theory for functional data analysis I \(PDF 1\)](#)
Peter Hall, Saw Swee Hock Professor of Statistics in DSAP, NUS and The University of Melbourne, Australia
- 10:30am - 11:00am --- Coffee Break ---
- 11:00am - 12:00nn [Some methodology and theory for functional data analysis II \(PDF 1\)](#)
Peter Hall, Saw Swee Hock Professor of Statistics in DSAP, NUS and The University of Melbourne, Australia

Thursday, 27 Sep 2012

- 09:15am - 09:30am Registration
- 09:30am - 10:30am [Some methodology and theory for functional data analysis III \(PDF 1\)](#)
Peter Hall, Saw Swee Hock Professor of Statistics in DSAP, NUS and The University of Melbourne, Australia
- 10:30am - 11:00am --- Coffee Break ---

11:00am - 12:00nn [Some methodology and theory for functional data analysis IV \(PDF 1\)](#)
Peter Hall, Saw Swee Hock Professor of Statistics in DSAP, NUS and The University of Melbourne, Australia

Tuesday, 16 Oct 2012

09:15am -
09:30am Registration

09:30am -
10:30am [On modelling high-dimensional data via finite mixture distributions I](#)
Geoff McLachlan, University of Queensland, Australia

10:30am -
11:00am --- Coffee Break ---

11:00am - 12:00nn [On modelling high-dimensional data via finite mixture distributions II](#)
Geoff McLachlan, University of Queensland, Australia

Thursday, 18 Oct 2012

09:15am -
09:30am Registration

09:30am -
10:30am [On modelling high-dimensional data via finite mixture distributions III](#)
Geoff McLachlan, University of Queensland, Australia

10:30am -
11:00am --- Coffee Break ---

11:00am - 12:00nn [On modelling high-dimensional data via finite mixture distributions IV](#)
Geoff McLachlan, University of Queensland, Australia
